Investor Presentation September 2016

Türk Telekom

Notice

The information contained herein has been prepared by Türk Telekomünikasyon A.Ş. (the Company) in connection with the operations of Türk Telekom Group companies. The opinions presented herein are based on general information gathered at the time of writing and are subject to change without notice.

The Company relies on the information gathered from the reliable sources however does not guarantee completeness and accuracy of such information.

These materials contain statements about future events and expectations that are forward-looking statements. Any statement in these materials that is not a statement of historical fact is a forward-looking statement that involves known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Except to the extent required by law, we assume no obligations to update the forward-looking statements contained herein to reflect actual results, changes in assumptions or changes in factors affecting these statements.

This presentation does not constitute an offer or invitation to sell, or any solicitation of any offer to subscribe for or purchase any securities and nothing contained herein shall form the basis of any contract or commitment whatsoever. No reliance may be placed for any purposes whatsoever on the information contained in this present or employees nor any other person accepts any liability whatsoever for any loss howsoever arising from any use of this presentation or its contents or otherwise arising in connection therewith.

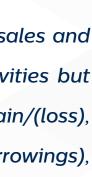

The PSTN services and wholesale broadband services are provided by Türk Telekomünikasyon A.Ş., the retail internet services are provided by TTNET A.Ş. and the mobile services - are provided by Avea İletişim Hizmetleri A.Ş.

Türk Telekom[®] brand used in this presentation is the joint brand of Turk Telekom Group companies. All group companies's legal entities remain intact.

There may be differences between the data provided in this presentation and ICTA's market reports. These discrepancies are due differences in basis of financial reporting (standalone vs. consolidated) and differences in ARPU calculation methodologies.

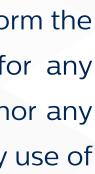

Note: EBITDA is a non-GAAP financial measure. In this presentation, EBITDA represents revenue less cost of sales and other operating expenses plus other operating income/(expense) plus income/(expense) from investing activities but excluding financial income/(expense) presented in other operating income/(expense) (i.e., foreign exchange gain/(loss), interest income/(expense) and discount income/(expense) on receivables and payables excluding financial borrowings), depreciation, amortization and impairment, income on unconsolidated subsidiaries and minority interest.

Corporate Data

- 8% of our total revenues are generated by corporate data business in Q2 '16
- Corporate data revenue growth is mainly driven by IPVPN revenues

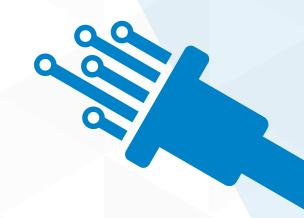

Note: Q2 '16 yoy revenue growth was limited due to high base effect in Q2 '15

R

Cloud Services

Türk Telekom, a member of Cloud Security Alliance, offers various options under Cloud Services such as BuluTT Göz, BuluTT Konferans, BuluTT Ölçüm, BuluTT Akademi, BuluTT Radyoloji, BuluTT e-posta

Metroethernet

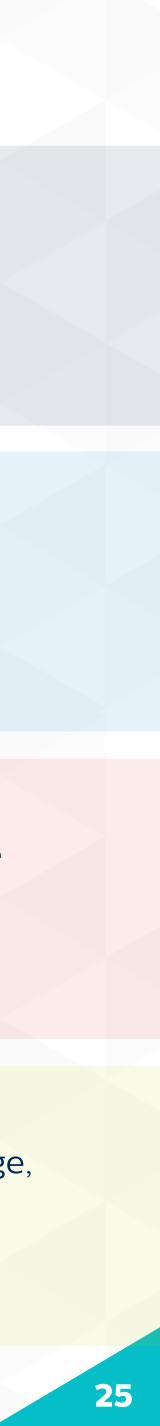

It is a flexible, cost-efficient technology scalable between 5Mbps and 1Gbps, which allows all kinds of data flow

TT VPN

TT VPN provides fast and safe connection end to end, from multiple points to multiple points. With TT VPN, customer's offices all around Turkey can be united while fast and safe data transfer via virtual network is enabled

Leased Line

It is a data line uniquely reserved for customer's usage, which performs the constant and continuous data transfer on the physical layer from point to point between two ends

Appendix

Corporate Governance and Sustainability

Demonstrates exemplary practices

- Türk Telekom was qualified to be included in the **BIST Sustainability Index** since its creation with its long lasting emphasis on Environmental, Social and Governance policies and exemplary practices
- Türk Telekom is the only telecom company qualified to be included in the BIST Corporate Governance Index since 2009

Weighted Average	8.01	8.27	8.37	8.80
Board of Directors	6.56	6.73	6.79	8.47
Shareholders	7.69	7.94	8.07	8.07

Stakeholders	8.72	9.15	9.33	9.33
	2009	2010	2011	2012

*The decline in ratings in 2013 is a result of rating methodology change by CMB rather than any deterioration in the Company's corporate governance practices. 2013 weighted average rating with the old methodology would have been 8.8

Corporate Rating

Investment grade from Fitch and S&P

Fitch Ratings BBB- Rating Negative Outlook

Improved competitive position in mobile business following the acquisition of important lower frequency spectrum

Strong fixed line market position

Mobile to offset fixed declines

Strong converged services position in fixed, mobile and pay TV which allows the company to differentiate its offering from its main competitors.

S&P Global Ratings BBB- Rating Negative Outlook

Leadership position in Turkish fixed-line business Solid operating results in recent quarters and strong revenue growth prospects Solid subscriber growth in its mobile and fixed broadband segments Extensive network infrastructure, growth prospects and solid profitability Improved liquidity position after USD 1 bn bond issuance
